

GREEN CODE ANALYZER

Implementation Comparison Report

Comparison Information

Comparison ID	3
Benchmark Task	Merge Sort
Category	Sorting
Benchmark Size	medium
Input Size	Not available
Workload Type	Not available
Created At	18 Sep 2026, 19:11:51
Implementations	2

Implementation Results

Language	Execution Time (ms)	CPU (%)	Memory (MB)	Energy (J)	Green Score	Verified
Kotlin	353.58	176.76	80.93	7.1228	65.00	Yes
PHP	2108.86	8.15	19.68	25.9937	35.00	Yes

Validation

Language	Analysis ID	Input Size	Verified
Kotlin	4	50000	Yes
PHP	5	50000	Yes

Note: This comparison report is generated from stored benchmark analysis results. Generating the report does not rerun the benchmark. Energy values represent measured energy consumption during the stored benchmark execution. No Energy Saved value is calculated in this report.
